

01 Dellon S Series Four-way Videoscope

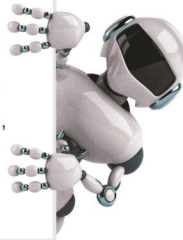

- Hundreds of domestic authorized organs proved its super quality, unique performance and reliability.
- High technology, innovative design, ergonomic design, friendly interface.
- Use of scientific design, portable host body, can be used under a variety of environment.
- Ultra light texture, portable design, host weighs only 2.2kg, easy for single operation in complex site.
- Bright light source, micro high-performance LED lamps, high brightness, energy saving, long life.
- The test line is made of tightly wound layers of metal braid sheathing, resistant corrosion and durable.
- High degree of clarity display, high brightness, fine quality, defects, problems can be found at a glance.

Applications

This product can be widely used in automobile, industrial machinery, electronics, petrochemical, aviation, shipbuilding and other fields.

Particulars

Main Technical Parameters

Mode	Monitor size	Image sensor	Pixels	Camera diameter	Probe length	Depth of field	Working length	Tip articulation	Field of view	Bend angle	Storage capacity
DN601S	5.6"	1/10"	410,000	6mm	18mm	10-100mm	1.5m	4-way	90°	>120°	8GB
DN603S	5.6"	1/10"	410,000	6mm	18mm	10-100mm	3m	4-way	90°	>120°	8GB
DN801S	5.6"	1/4"	410,000	8mm	25mm	10-100mm	1.5m	4-way	120°	>90°	8GB
DN803S	5.6"	1/4"	410,000	8mm	25mm	10-100mm	3m	4-way	120°	>90°	8GB
DN806S	5.6"	1/4"	410,000	8mm	25mm	10-100mm	6m	4-way	120°	>90°	8GB
DN808S	5.6"	1/4"	410,000	8mm	25mm	10-100mm	8m	4-way	120°	>90°	8GB
DN1008S	5.6"	1/4"	410,000	8mm	35mm	10-100mm	8m	4-way	120°	>90°	8GB
DN1010S	5.6"	1/4"	410,000	10mm	35mm	10-100mm	10m	4-way	120°	>90°	8GB
